

HEAVY DUTY & ON-HIGHWAY TRUCK & MOTORCOACH APPLICATIONS

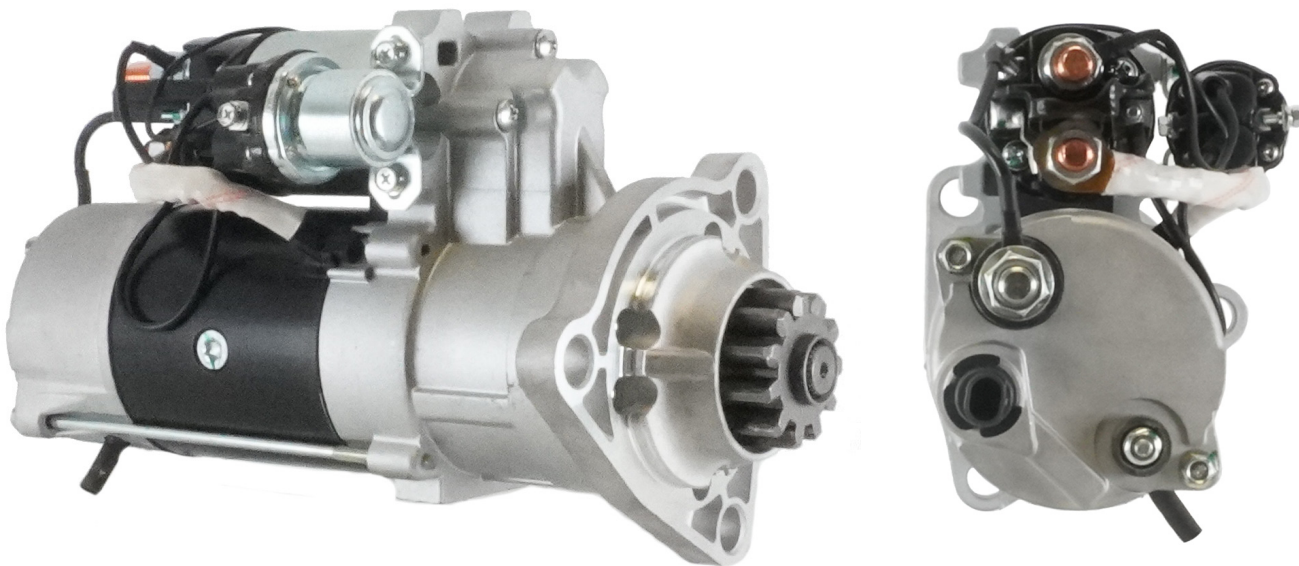

At **NORTH POWER** Industries, years of experience ensures every Starter Motor and Alternator meets our rigorous standards. Each unit is subject to hours of endurance testing before it is offered to our customers.

We stand confidently behind the quality and reliability of our product and welcome any **SIDE-BY-SIDE COMPARISON** to other industry brands, ensuring your satisfaction.

Experience peace of mind with **North Power Heavy Duty** product offering.

INTRODUCES THE ALL-NEW 105-6 SERIES STARTER MOTOR

- **Built with technology that redefines the HEAVY DUTY AFTERMARKET ROTATING ELECTRIC INDUSTRY.**
 - **Weighing only 13.4kg / 29.5 lbs.**
- **Designed in Canada and engineered for EFFICIENCY and DURABILITY.**
 - **Assembled in Canada by KEYSTONE Alternators & Starters with 100% field tested approved components.**
 - **Each starter is performance tested and packaged with its own printed report to ensure customer confidence.**
 - **All units are backed by a One-year or Three-year Unlimited KM/Mileage Warranty***

PRODUCT FEATURES AND BENEFITS

- **Planetary Gear Reduction Design with higher cranking speed and greater torque.**
- **Solid link solenoid prevents welding of solenoids contacts.**
- **Soft start pinion engagement prevents gear tooth abatement.**
- **Rotatable multi position drive end design helps to reduce inventory.**
- **Sealed unit, suitable for wet clutch applications or dust-proof environments.**
- **Designed with an OCP Bypass connector to replace Delco Remy OCP equipped starter motors.**
